Ptolomeo® has started a family!

Original Ptolomeo®

ADI COMPASSO D'ORO, 2004

Ptolomeo® ha messo su famiglia.

Un pezzo di successo Ptolomeo®. In breve tempo, da Milano ha attraversato città, nazioni, continenti.

Ha vinto premi internazionali, ha avuto segnalazioni di merito ma soprattutto ha conquistato il cuore di migliaia di persone che di Ptolomeo® hanno colto l'essenza: funzione e poetica. Questo suo vivere in case e luoghi dell'abitare in genere ha fatto nascere nuove opportunità, ha messo in risalto nuovi possibili utilizzi, nuove ipotesi di funzione. E Ptolomeo® cresce, si evolve, si moltiplica.

Ptolomeo® has started a family.

A successful product: from Milan, where it was born, in a short time it reached different towns, countries and continents. It won International prizes, it has collected many awards.

But, above all, it has won the audience over, as people understood its innermost quality: function and poetical expression. Living in different homes, in various surroundings, it discovered new opportunities, emphasized new possible uses, developed new means of function. And Ptolomeo® grows up, evolves, increases in numbers.
